

NATIONAL MUSEUM OF CONTEMPORARY ART, KOREA

## RECOMMENDATION

July 26, 2005

Dear Ms. Suzanne Greub,

I would like to state that I am very pleased to collaborate with the staff members of Art Centre Basel on the occasion of the exhibition entitled ' Museums for a New Millennium: Concepts, Projects, Buildings', which has been held from June 10, 2005 to July 21, 2005 at the National Museum of Contemporary Art, Korea.

Founded in 1969, the NMCA has made constant efforts to vitalize its system. The exhibition was very meaningful since the presentation of this exhibition to the Korean public would be so helpful for understanding on contemporary museum architecture and the museum's extension project.

I'm proud to say that this exhibition was a great success at the NMCA with your devotional cooperation as well. I firmly believe that the artistic exchange between Switzerland and Korea is actively promoted through the exhibition as well.

Sincerely,

Yoon-Soo KIM

Director

National Museum of Contemporary Art, Korea
